

## Little Verdon

Acces: Follow the new road from Arginonta to Vathi uphill. After the big turn left and right, a bit higher you see a small green gorge left. Parking. (Old way to Sect. Piccalia). Steep up on the right side of the gorge, follow some cairns. You reach a rotten fence, follow the proper goattrail. At the highest point, leave the trail up, following some cairns, till you meet the trekk from the pass to Agios Galatiani. Turn left towards Agios Gal. It crosses the crag and leads up. When you are underneath sector 3, follow again some cairns steep upwards. 45 minutes.
